Menu/categories – Use the categories to quickly find what you are looking for.

Sorting – In the product overview you can decide how the products are sorted. For example, you can sort by publication date or by orientation (portrait/landscape).

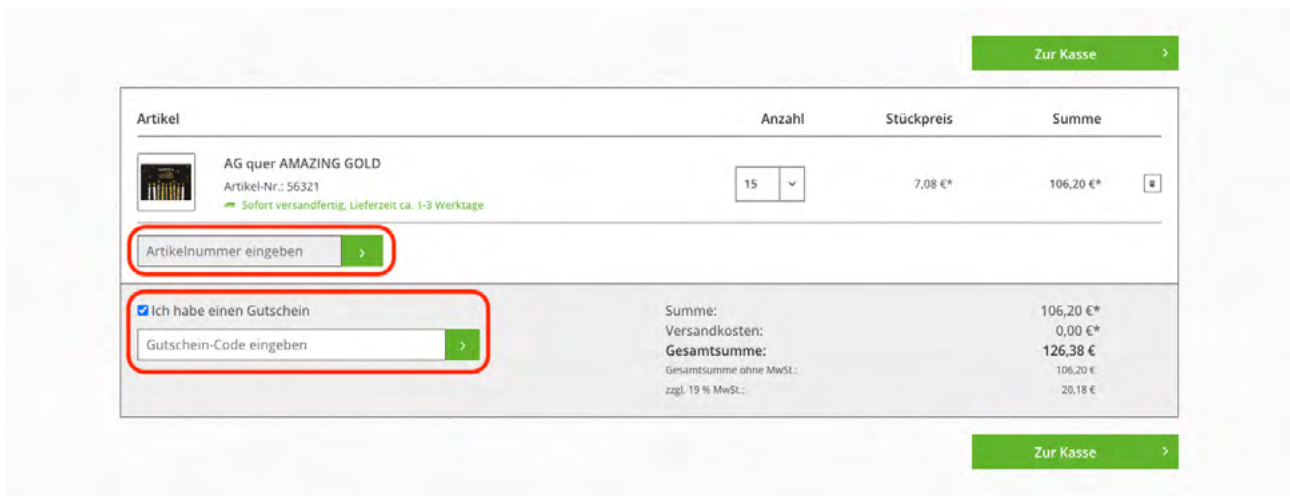

Filter – You can filter the products further in the left-hand sidebar. You can select various features, such as the orientation, whether text should be visible on the product or the colours.

Order

You can add products directly to the shopping basket or click on them to obtain further information and then add them to the shopping cart.

In the shopping cart, you also have the option of entering article numbers directly to add them to the cart.

If you have a voucher code, you can also enter it in the shopping cart.

To finalise your order, all you need to do is check your billing and delivery address. If you have more than one shop, you can select the appropriate address in this step.

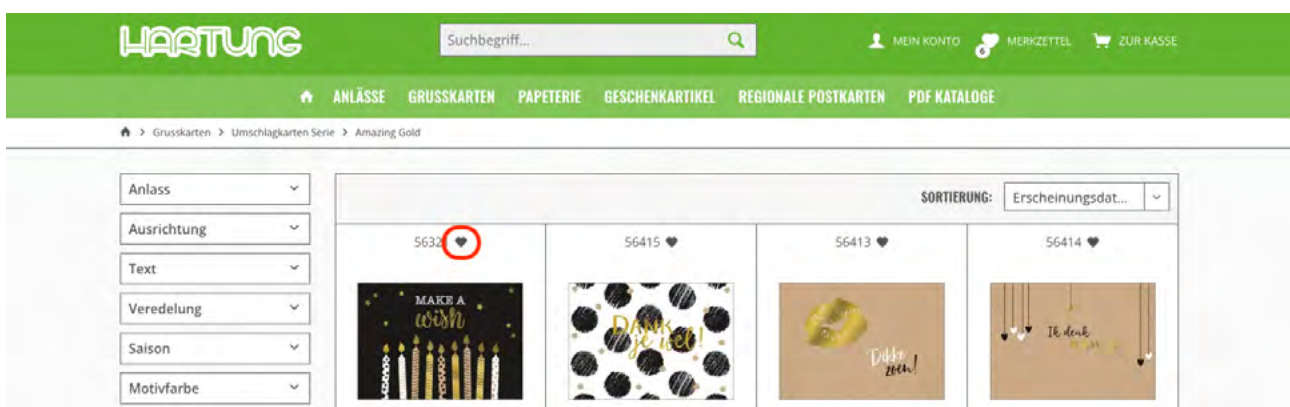

If you have any important comments about your order, you can enter them in the comments field.

Past orders

In your account, you can view past orders in the online shop via the „Orders“ menu item. There you also have the option of repeating an order.

Wish list

If you would like to save a product for later, you can click on the heart and save it to your wish list.

If you click on „Wish list“ in the menu, you can view your saved products and add them directly to your shopping cart.

PDF catalogues

You can find our brochures in the „PDF catalogues“ category. There you can view them as PDF files.
